The names on the War Memorial

There are 29 names inscribed on St Margaret's War Memorial: their details are set out below. All of those commemorated died during or shortly after the First World War.

The War Memorial was dedicated on 10 July 1921, attended by Dr Arthur Perowne, Bishop of Bradford. Also in attendance was Mrs Mary Ideson of Westwood, Ilkley, whose two sons' names are on the Memorial.

Many war memorials were updated after the Second World War, but this did not happen at St Margaret's. It would be interesting to know why: it seems unlikely that the St Margaret's congregation did not include anyone who lost their life during the Second World War.

Almost all of the names are also commemorated on the main War Memorial at the end of The Grove in Ilkley. Unlike the main War Memorial at the end of The Grove, the Memorial at St Margaret's does not show the ranks or regiments of the fallen: it shows only their names, in the format shown in the headings below.
